SECTION 2. Tennessee Code Annotated, Title 49, Chapter 9, is amended by adding a new part thereto as follows:

(a) Section 49-9-401. This part shall be known and may be cited as the School Security Act of 1981.

(b) Section 49-9-402. As used in this part unless the context clearly requires otherwise:

(1) "Dangerous weapon" or "weapon" means a dangerous weapon as defined in Tennessee Code Annotated, Section 39-4901.

(2) "Drug" means any of the substances included in Schedules I through VI, as found in Tennessee Code Annotated, Section 52-1412 through 52-1422.

(3) "School Principal" or "principal" means the administrative head of a public, private, denominational, or parochial school, by whatever title such person may be known.

(4) "Student" means any person attending school under the requirements of Tennessee Code Annotated, Section 49-1708, or remaining in school after the age of sixteen (16).

(c) Section 49-9-403. It is the intent of the general assembly in enacting this law to secure a safe environment in which the education of the students of Tennessee may occur. The general assembly recognizes the position of the schools in loco parentis and the responsibility this places on principals and teachers within each school to secure order and to protect students from harm while in their custody. The general assembly further recognizes that a rising level of violent activity and use of drugs is occurring in some public schools, especially in urban areas, and that these activities threaten the well-being of all students in such schools. The general assembly further finds that the removal of dangerous weapons and drugs from school property is necessary to lessen hazards to students and that such removal can only be accomplished by searches of areas of the school buildings or grounds where such materials may be stored. The general assembly further finds that on

occasions when the use of dangerous weapons or drugs has reached a life or health threatening level that searches of students themselves may be necessary to protect the larger student body, and that often such searches must be conducted in emergency situations. The general assembly also finds that individual circumstances and local particularities require that individual principals must be relied on to exercise their professionally trained judgments in determining what action is appropriate within the provisions of this act.

(d) Section 49-9-404.

(a) When individual circumstances in a school dictate it, a principal may order that lockers or other enclosures used for storage by students, and other areas accessible to students be searched in his presence or in the presence of other members of his staff.

(b) Individual circumstances requiring a search may include incidents on school property, including school buses, involving the use of dangerous weapons or drugs by students, which are known to the principal or other staff members, information received from law enforcement, juvenile or other authorities indicating a pattern of drug dealing or drug use by students of that school, any assault or attempted assault on school property with dangerous weapons, or any other actions or incidents known by the principal which give reasonable cause that drugs or dangerous weapons are held on school property by one or more students.

(c) A notice shall be posted in the school that lockers and other storage areas are school property and are subject to search for drugs, dangerous weapons, or any property belonging to the school which is not properly in the possession of the student.

(e) Section 49-9-405. In an emergency situation where a student has used or displayed a dangerous weapon or drug, the principal may conduct such search as is necessary under the circumstances, including a search of the student's person, to locate and recover such dangerous weapon or drug before any student can be harmed.

(f) Section 49-9-406. In other situations, a student's pockets, purse, or other container may be required to be emptied if a search of a locker or other area used for storage by that student has disclosed the presence of a dangerous weapon or drugs. If it seems probable to a principal from the results of a locker search or from information received from a teacher, staff member, or other student, that a particular student has a dangerous weapon or drug concealed on his person, he shall be subject to physical search.

(g) Section 49-9-407. To facilitate a search which is found to be necessary, metal detectors and other devices designed to indicate the presence of dangerous weapons or drugs may be used in searches, including hand-held models which are passed over or around a student's body, and students may be required to pass through a stationary detector.

(h) Section 49-9-408. To facilitate a search which is found to be necessary, dogs, or other animals, trained to detect drugs by odor or otherwise may be used in conducting searches, but such animals shall be used on to pinpoint areas needed to be searched.

(i) Section 49-9-409. It shall be the duty of the principal of a school who has probable cause to believe, either as a result of a search or otherwise, that any

student is committing or has committed any violation of Tennessee Code Annotated, Section 39-4901, or Sections 52-1408 through 52-1448, upon the school ground or within any school building or structure under his supervision to report such probable cause to the appropriate law enforcement officer.

(j) Section 49-9-410. Any dangerous weapon or drug located by the principal or other staff member in the course of a search shall be turned over to the appropriate law enforcement officer for proper disposal.

(k) Section 49-9-411. The local education agency shall defend principals and teachers against whom suit is brought on account of any action taken in accordance with this act if: (1) such employees cooperate in the defense of such suit; and (2) in the opinion of the local education agency, such actions were not the result of willful, wanton or malicious wrongdoing. Each local education agency, shall indemnify principals and teachers from judgment against them if: (1) such judgments result from actions or omissions arising out of performances of the duties imposed by this act and do not result from willful, wanton or malicious wrongdoing; and (2) such employees have cooperated with the local education agency in the defense of such suit.

The provisions of this section shall not be construed to indicate any waiver by the state of sovereign immunity or to make the state any insurer of the aforementioned public officials.

Mr. Wood moved to amend Amendment No. 1 as follows:

AMENDMENT NO. 1 TO AMENDMENT NO. 1

Amend Amendment No. 1 in Section 2, in subsection (b) by deleting from item (3) the symbols and words “, private, denominational, or parochial”.

If, as an accommodation to students, parking spaces or facilities are provided for student use or parking by students is allowed on school property, then as a condition to such parking privilege, vehicles owned, operated, or used by such students and parked on school property shall be subject to search for dangerous weapons or drugs if the student is otherwise found to be in possession of a dangerous weapon or drug through a search authorized under this act and there is reasonable cause to believe that dangerous weapons or drugs may be in a vehicle owned or operated by that student, or in which that student is carried as a passenger, and such vehicle is located on school property.

On motion, the amendment was adopted.

Mr. Starnes moved to amend as follows:

AMENDMENT NO. 3

Amend House Bill No. 355 by adding a new section, as follows, to be numbered appropriately immediately before the effective date section and renumbering the effective date section accordingly:

Section—.
